Safety Connect (If Equipped)

Safety Connect is a subscription-based telematics service that uses Global Positioning System (GPS) data and embedded cellular technology to provide safety and security features to subscribers. Safety Connect is supported by Lexus' designated response center, which operates 24 hours per day, 7 days per week.

Safety Connect service is available by subscription on select, telematics hardware-equipped vehicles.

System components

- 1 Microphone
- 2 LED light indicators
- 3 "SOS" button

Services

Subscribers have the following Safety Connect services available:

● Automatic Collision Notification*

In case of either airbag deployment or severe rear-end collision, the system is designed to automatically call the response center. The responding agent receives the vehicle's location and attempts to speak with the vehicle occupants to assess the level of emergency. If the occupants are unable to communicate, the agent automatically treats the call as an emergency, contacts the nearest emergency services provider to describe the situation, and requests that assistance be sent to the location.

*: U.S. Patent No. 7,508,298 B2

● Stolen Vehicle Location

If your vehicle is stolen, Safety Connect can work with local authorities to assist them in locating and recovering the vehicle. After filing a police report, call the Safety Connect response center at 1-800-25-LEXUS (1-800-255-3987) and follow the prompts for Safety Connect to initiate this service.

In addition to assisting law enforcement with recovery of a stolen vehicle, Safety-Connect-equipped vehicle location data may, under certain circumstances, be shared with third parties to locate your vehicle. Further information is available at Lexus.com.

- **Emergency Assistance Button (“SOS”)**

In the event of an emergency on the road, push the “SOS” button to reach the Safety Connect response center. The answering agent will determine your vehicle’s location, assess the emergency, and dispatch the necessary assistance required.

If you accidentally press the “SOS” button, tell the response-center agent that you are not experiencing an emergency.

- **Enhanced Roadside Assistance**

Subscribers can press the “SOS” button to reach a Safety Connect response-center agent, who can help with a wide range of needs, such as: towing, flat tire, fuel delivery, etc. For a description of the Enhanced Roadside Assistance services and their limitations, please see the Safety Connect Terms and Conditions, which are available at Lexus.com.

Subscription

After you have signed the Telematics Subscription Service Agreement and are enrolled, you can begin receiving services.

A variety of subscription terms is available for purchase. Contact your Lexus dealer, call 1-800-25-LEXUS (1-800-255-3987) or push the “SOS” button in your vehicle for further subscription details.

Lexus Enform with Safety Connect (If Equipped)

Lexus Enform with Safety Connect is a feature that includes Apps, Destination Assist, eDestination, Lexus Insider, and Safety Connect.

The functions included in Lexus Enform with Safety Connect are classified into the following three functions.

For details, refer to the "Owner's Manual" and "Navigation System Owner's Manual".

■ Function achieved by using a cellular phone

Services

Of the functions included with Lexus Enform with Safety Connect, only Apps can be achieved by using a cellular phone.

Apps is a service that enables the usable contents of a cellular phone to be displayed on and operated from the navigation screen.

● APPS

Each time "Apps" is activated, the system checks for updates. When there are no updates available, the main menu screen will be displayed right after a screen indicating that updates are being checked for has been displayed.

Subscription

Apps will be available on a trial period included upon purchase of a new vehicle. User registration is required to start using the service.

When a trial period has elapsed after purchasing a new vehicle, a fee will be charged to renew the contract. Services requiring a separate contract can also be used. For details, refer to <http://www.lexus.com/enform/> or call 1-800-255-3987.

■ Function achieved by using DCM and the navigation system

Services

Of the functions included with Lexus Enform with Safety Connect, Destination Assist, eDestination, and Lexus Insider can be achieved by making DCM cooperate with the navigation system.

These are subscription-based telematics services that use Global Positioning System (GPS) data, embedded cellular technology to provide safety and security as well as convenience features to subscribers. The services are supported by Lexus' designated response center, which operates 24 hours per day, 7 days per week.

The services are available by subscription on select, telematics hardware-equipped vehicles.

● Destination Assist

Destination Assist provides you with live assistance for finding destinations via the Lexus Enform with Safety Connect response center. You can request either a specific business, address, or ask for help locating your desired destination by category, such as restaurants, gas stations, shopping centers or other points of interest (POI).

After you tell the agent your choice of destination, its coordinates are sent wirelessly to your vehicle's navigation system.

● eDestination

With the eDestination feature, you can go online, via the Lexus.com owner's Web site, to select and organize destinations of your choice and then wirelessly send them to your vehicle's navigation system.

Up to 200 locations can be stored online and accessed or updated at any time.

Locations can be organized into up to 20 personalized folders.

You must first go online at www.lexus.com/drivers/ to view the Owners site where you will need to register and log in. After this, personalized folders that contain the locations to be sent to your vehicle can be created. (See Lexus Enform with Safety Connect Guide for more information.)

● Lexus Insider

Lexus Insider is an optional service that can send audio messages, or articles, to participating owners' vehicles via the navigation system. Potential Lexus Insider subjects might include, for example, Lexus vehicle technology tips, updates on regional Lexus events, or audio excerpts from Lexus Magazine articles. Up to 20 articles can be stored at a time.

You may opt out of receiving Lexus Insider messages at any time.

Subscription

After you have signed the Telematics Subscription Service Agreement and are enrolled, you can begin receiving services. A variety of subscription terms is available for purchase. Contact your Lexus dealer, call 1-800-25-LEXUS (1-800-255-3987), or touch "Destination Assist" in your vehicle for further subscription details.

■ Function achieved by using DCM

Services

Of the functions included with Lexus Enform with Safety Connect, Safety Connect can be achieved by using DCM.

● Safety Connect (→P.64)

XM Services (If Equipped)

XM services are subscription-based XM Satellite Radio services to provide convenient features to subscribers.

For details, refer to the "Owner's Manual" and "Navigation System Owner's Manual".

Services

With an active XM subscription, the following features are available:

- **XM Sports and XM Stocks^{*1}**

XM Sports and XM Stocks are services included with an XM Satellite Radio subscription. These services are also available with an XM TravelLink subscription. With these services, you can receive updates via the navigation system on your personally selected sports teams and stocks.

- **XM Fuel Prices^{*2}**

XM Fuel Prices is a service included with an XM TravelLink subscription. It enables the navigation system to display current fuel prices and gas station locations, which can be set as a destination if desired.

- **XM NavWeather^{TM*2}**

The subscription-based XM NavWeatherTM service allows the navigation system to display weather information on the map screen.

- **XM NavTraffic^{®*2}**

The subscription-based XM NavTraffic[®] service allows the navigation system to display traffic information on the map screen.

***1:** Available at no extra charge with an active XM Satellite Radio subscription.
